Share capital

There was no change in the authorised capital of the company. Details of the unissued ordinary shares and the company's share incentive schemes are set out in the Remuneration Report and in notes 11 and 34.

In 2007, Tongaat Hulett entered into a broad-based BEE equity participation transaction, which inter alia included an 18 percent participation structure for two strategic groupings - a cane growing communities trust (Masithuthukisane Trust) together

with Sangena and a land conversion communities trust (Mphakathi Trust), together with Ayavuna, through two BEE SPVs (special purpose vehicles). This was detailed in a circular to shareholders dated 18 May 2007 and approved by shareholders in June 2007. The original terms and conditions of the transaction agreements have remained in place and have not been altered since their conclusion and approval in 2007.

This BEE participation structure involved the issuance of 25 104 976 million "A Preferred Ordinary" shares in Tongaat Hulett, which were funded by the BEE SPVs through external funding, BEE participants' funding and notional vendor finance in 2007. In accordance with the original agreements and approvals, these shares had a seven year term, within the overall ten year transaction period contemplated in the agreements. On the seven year anniversary of the transaction (i.e. beginning of July 2014), the process commenced that resulted in the automatic conversion of the "A Preferred Ordinary" shares to Ordinary shares. The "A Preferred Ordinary" shares thus converted to Ordinary shares and ranked equally (pari passu) with other ordinary shares and were listed on the JSE on 4 July 2014. Further information is provided on page 114.

At the previous AGM, a general authority was granted by shareholders for the company to acquire its own shares in terms of the Companies Act. The directors consider that it will be advantageous for the company were this general authority to continue. Such authority will be used if the directors consider that it is in the best interests of the company and shareholders to effect any such acquisitions having regard to prevailing circumstances and the cash resources of the company at the relevant time. Shareholders will be asked to consider a special resolution to this effect at the forthcoming AGM with the proviso that the number of ordinary shares acquired in any one financial year may not exceed five percent of the ordinary shares in issue at the date on which this resolution is passed.

In compliance with the JSE Listings Requirements, the acquisition of shares or debentures ("securities") pursuant to a general authority may only be made by a company subject to such acquisitions:

- being effected through the order book operated by the JSE trading system;
- being authorised thereto by the company's memorandum of incorporation;
- being authorised by the shareholders of the company in terms of a special resolution of the company in a general meeting which will be valid only until the next AGM of the company; provided that such authority will not extend beyond 15 months from the date of the resolution; and
- not being made at a price greater than ten percent above the weighted average of the market value for the securities for the five business days immediately preceding the date on which the transaction is effected. The JSE should be consulted for a ruling if the company's securities have not traded in such five business day period.

Furthermore, in terms of the JSE Listings Requirements, the directors consider that in their opinion, taking into account the effect of the maximum acquisition by the company of shares issued by it as referred to above:

- the company and its subsidiaries (together "the group") will be able, in the ordinary course of business, to pay its debts for a period of 12 months from 24 May 2018;
- the assets of the company and of the group will be in excess of the liabilities of the company and the group for a period of 12 months from 24 May 2018. For this purpose, the assets and liabilities will be recognised and measured in accordance with the accounting policies used in the company's latest audited group annual financial statements;
- the ordinary capital and reserves of the company and the group will be sufficient for the company's and the group's present requirements for 12 months from 24 May 2018; and
- the working capital of the company and the group for a period of 12 months from 24 May 2018 will be adequate for the company's and the group's requirements.
